CARRAWAY HOMES SELECTS E-LANDSCAPE FOR NEW SPA GATE PROJECT IN ANNAPOLIS

Davidsonville, MD December 17, 2012 –

Carraway Homes has selected Davidsonville, Maryland-based commercial landscape firm E-Landscape Specialty Solutions to install the landscape for its new Spa Gate project in Annapolis. Spa Gate is a 19 lot, finished townhouse community on Spa Road. The project, within walking distance from Park Place, has convenient access to the entertainment and retail amenities of West Street, Downtown Annapolis, and Spa Creek, in Annapolis, Maryland. The project has frontage on Spa Road, and sits at the entrance to the Maryland Hall for the Creative Arts.

Spa Gate brings increased residential opportunities into a recently revitalized West Street corridor that features the Park Place condominium, office, and retail amenities, Level, the Metropolitan, Ruby Salon, Tsunami, and Carpaccio. The E-Landscape team is installing rain gardens, constructing a rainwater harvesting system, and installing hardscapes and the landscape.

“The Spa Gate project is providing a new gateway into Maryland Hall, upper Murray Hill, and Bates Middle School, and we at E-Landscape are excited to play a part in beautifying this important and very visible Annapolis neighborhood,” said E-Landscape President Eric Drenner.

E-Landscape Specialty Solutions is a premier provider of commercial landscape design, installation and landcare services in the Mid-Atlantic region. For more information, see www.e-landscapellc.com.
