E-LANDSCAPE TO PROVIDE LANDSCAPE INSTALLATION FOR BUCHANAN GARDENS

Annapolis, MD June 30, 2011 –

Commercial landscape firm E-Landscape Specialty Solutions of Davidsonville, Maryland has been selected to carry out landscape installation work for the Buchanan Gardens project in Arlington, Virginia. E-Landscape's work is part of a major renovation by the Arlington Partnership for Affordable Housing (APAH) of the 111-unit, 100% affordable housing community in the Columbia Pike corridor. APAH purchased Buchanan Gardens on December 29, 2009 and is financing the \$32,400,000 renovation through a financial package provided by the Virginia Housing Development Authority (VHDA), Low Income Housing Tax Credits (LIHTC) and funding from Arlington County through the Arlington Housing Investment Fund (AHIF).

"Buchanan Gardens, built in 1949, will undergo extensive renovations," said Arlington Partnership for Affordable Housing's President/CEO Nina Janopaul. "Residents, relocated temporarily during our threephase renovation, will return to an apartment community that has increased energy efficiency, all new systems and finishes; new interior fixtures and appliances; new family-size, three-bedroom units; a community room; and a playground."

Working in conjunction with General Contractor Hamel Builders and Architect Wiencek + Associates, E-Landscape will provide a wide range of landscape installation services, including supplying bioretention soil and plantings; tree pit drainage; tying downspouts; installing new yard inlets, egress window wells, brick pavers and site furnishings, and grass pave 2; foundation planting; and installing playground equipment (including a sandbox) and surfacing.

"Our work at Buchanan Gardens is a true testament to the full range of installation services that E-Landscape can provide," explained E-Landscape President Eric Drenner. "From soil excavation and foundation planting, to the installation of window wells and playground equipment, our team has the experience to provide clients with end-to-end solutions for commercial projects. "

E-Landscape Specialty Solutions is a premier provider of commercial landscape design, installation and landcare services in the Mid-Atlantic region. For more information, see www.e-landscapellc.com.

The Arlington Partnership for Affordable Housing (APAH) is the largest developer of affordable housing along Columbia Pike, a corridor targeted by Arlington County for revitalization.
