E-LANDSCAPE BEGINS INSTALLATION OF LANDSCAPE AT BRIGHTVIEW SOUTH RIVER

Davidsonville, MD July 11, 2011 –

Davidsonville, Maryland-based commercial landscaper E-Landscape Specialty Solutions announced today that it has been awarded the contract to install landscaping features at the Brightview South River senior living facility in Edgewater, Maryland.

Located on Lee Airpark Drive in Edgewater, the new community is Brightview's seventh senior living community in Maryland and its first assisted living community in Anne Arundel County. The community will consist of 64 Assisted Living apartments, and a 26-apartment neighborhood, known as Wellspring Village, dedicated to Alzheimer's Care. In conjunction with Leadership in Energy & Environmental Design (LEED) guidelines, Brightview South River's parent company, The Shelter Group, is dedicated to sustainable conservation strategies for Brightview South River to promote energy efficiency, water efficiency, healthy buildings, and the conservation of natural resources.

E-Landscape will be working closely with General Contractor Harkins Builders to ensure that landscaping work is completed in coordination with the construction timetable and in time to meet the facility's projected opening in the fall of 2011.

"We are particularly pleased to have been selected for the landscape installation work at Brightview South River," commented Eric Drenner, President of E-Landscape Specialty Solutions. "This project is a great addition to the Village at Lee Airpark development, where E-Landscape completed landscape installation work last year, and a much-needed addition to the senior living market here in Anne Arundel County."

E-Landscape Specialty Solutions is a premier provider of commercial landscape design, installation and landcare services in the Mid-Atlantic region. For more information, see www.e-landscapellc.com.

Based in Baltimore, MD, Brightview Senior Living offers twenty-two communities in nine states throughout the East Coast. Brightview is a senior-focused part of The Shelter Group, a privately-held company that has been in business for more than 30 years. The Shelter Group develops, manages and owns residential real estate while specializing in multi-family and senior living communities.
