E-LANDSCAPE TO CARRY OUT LANDSCAPE CONSTRUCTION AT HILLTOP HOUSING COMPLEX

Davidsonville, MD April 19, 2011 –

Davidsonville, Maryland-based commercial landscaping specialist E-Landscape Specialty Solutions announced today that it has been awarded the contract to provide hard and softscaping for Phase I of the Hilltop Housing complex and a new recreation center in Ellicott City (Howard County), Maryland. The Hilltop site and the new recreation center will comprise the first phase of redevelopment for what will eventually be a larger, mixed income community.

The Howard County Housing Commission plans for the project call for Hilltop Housing on Mount Ida Drive and the neighboring Ellicott Terrace apartments to be replaced by a mix of 273 housing units, some at market-rate and others subsidized. Included will be a new, 45,000-square-foot public recreation center, which County Executive Ken Ulman describes as a “fabulous state-of-the-art recreation center that will uplift not just the immediate community but ... the entire area.” The result will be a new, and so far nameless, community that is to be completed in 2014. Phase I – Hilltop and the recreation center – will be completed first, in 2013.

E-Landscape’s scope of work includes the construction of a rain collection and storm water management system, subdrainage, and the installation of pavers.

E-Landscape Specialty Solutions is a premier provider of commercial landscape design, installation and landcare services in the Mid-Atlantic region. For more information, see www.e-landscapellc.com.
