E-LANDSCAPE AWARDED ANNE ARUNDEL MEDICAL CENTER GROUNDS MAINTENANCE CONTRACT

Davidsonville, MD July 15, 2012 –

Davidsonville, Maryland-based commercial landscaping specialist E-Landscape Specialty Solutions announced today that it has been awarded a three year contract to carry out landscaping maintenance of Anne Arundel Medical Center's main campus in Annapolis, Maryland. This contract follows on earlier landscape installation work that E-Landscape performed as part of the hospital's recent expansion.

"This contract is the result of a lot of hard work on our part, and several years of relationship building. It has taken time for us to build a strong relationship based on trust and confidence with the hospital administration," commented E-Landscape President Eric Drenner. "I think the quality of our work on earlier projects, as well as our strong commercial experience, really helped us stand out in this procurement."

AAMC, founded in 1902 as the Annapolis Emergency Hospital, is a not-for-profit hospital that provides acute inpatient and outpatient care to residents of the region, encompassing Anne Arundel, Prince George's, Queen Anne's and Calvert Counties. In April 2011, the hospital completed its \$424 million expansion project, which included a pediatric emergency room, an expanded general emergency room, 50 new patient beds, and eight new operating rooms. Today, the Anne Arundel Health System employs more than 3,500, has 900 medical staff, and 800 auxiliaries. For more information, see www.aahs.org.

E-Landscape Specialty Solutions is a premier provider of commercial landscape design, installation and landcare services in the Mid-Atlantic region. For more information, see www.e-landscapellc.com.
