E-LANDSCAPE TO TRANSFORM PARKING SPACE IN DOWNTOWN ANNAPOLIS INTO TEMPORARY PARK AS PART OF PARK(ING) DAY 2012

Davidsonville, MD September 20, 2012 –

Davidsonville, Maryland-based commercial landscaping specialist E-Landscape Specialty Solutions is partnering with Richard Sweeney Landscape Architecture to participate in the global event PARK(ing) Day in downtown Annapolis. PARK(ing) Day is an annual worldwide event where artists, designers and citizens transform metered parking spots into temporary public parks. The mission of PARK(ing) Day is to call attention to the need for more urban open space, to generate critical debate around how public space is created and allocated, and to improve the quality of urban human habitat.

As part of the PARK(ing) Day events in Annapolis, E-Landscape will be temporarily transforming a public parking space in front of Tsunami Sushi Bar & Lounge on West Street in downtown Annapolis into a park for locals, commuters and tourists to enjoy. This particular park will also serve as a demonstration site to illustrate the many options available to maintain pervious surfaces.

“PARK(ing) Day is not just a fun event – it is really an effective tool in starting dialogues about the way our cities are designed and the role that green space should play,” commented E-Landscape President Eric Drenner. “We are thrilled to be participating and are looking forward to the reaction from passersby!”

E-Landscape Specialty Solutions is a premier provider of commercial landscape design, installation and landcare services in the Mid-Atlantic region. For more information, see www.e-landscapellc.com.
